PROFILE

Professional truck driver with international freight transport experience and full ADR certification. Holder of C+E driving license, CPC qualification, and digital tachograph card. Reliable, disciplined, and detail-oriented, offering long-term commitment and professionalism.

Additionally skilled in server administration, web development, and AI automation — valuable assets for modern logistics operations or potential transition into tech-logistics roles.

WORK EXPERIENCE

Freelancer - IT & Automation (Remote)

2023 - PRESENT

Self-employed

- Developed and maintained small-scale websites and web apps (Elementor PRO with some HTML, CSS, JS, mostly in WordPress)
- Managed Linux-based servers (setup, security, automation)
- Developed automation workflows using self-hosted n8n, integrating tools like OpenAI API, DeepSeek, Ollama, and webhooks
- Designed AI-driven agents for data extraction, processing, and task automation (web scraping, parsing, auto-response)
- Provided basic cybersecurity hardening for personal and small client projects
- Independently designed and deployed functional automation systems combining AI, scripting, and open-source tools to optimize routine tasks and workflows.

HGV Class 1 Driver - (C+E Truck Driver)

2018 - 2023

Extra Personnel Agency (UK) - Assigned to DPD UK, Hinckley Hub

- Performed nightly haulage of parcel cargo using double-deck trailers, under strict operational and safety procedures
- Maintained consistent assignment with DPD UK (Hinckley Hub), being frequently and expressly requested for reliability and precision
- Operated under high-security standards: no-stop policy during transit, detailed vehicle checks, and controlled loading/unloading
- Handled time-critical routes across the UK logistics network, ensuring timely arrivals and compliance with tachograph regulations
- Ensured full compliance with CPC, digital tachograph, and company safety protocols
- Experienced in navigating UK motorway systems, adapting to night-time conditions and tight schedules

CCTV Installation & IT Support + Study

2015 - 2017

Freelancer - Timisoara, Romania

- Installed and configured CCTV systems for private clients (apartments, houses)
- Performed cabling, camera placement, network setup
- Provided basic IT troubleshooting and equipment consulting for individuals

- Docker & Containerization
- AI Automation with Agents
- Basic Cybersecurity
- Bash Scripting & Automation
- VPS & Remote Management
- VPN & Remote Access Setup
- n8n & AI Agents

HOBBIES & INTERESTS

- **Motorcycling** – passionate rider, enjoy long-distance touring and circuit days
- **Drones** – interested in UAV technology, aerial photography, and flight dynamics
- **Computers & Linux** – hobbyist in system administration, scripting, and performance tuning
- **ATV Adventures** – off-road trips, especially in mountainous terrain
- **Software Defined Radio (SDR)** – exploring RF spectrum, signal analysis, and decoding
- **Ethical Hacking** – keen interest in cybersecurity, pen-testing, and digital forensics
- **Automation & AI** – building personal projects using AI agents, RPA, and Dockerized workflows
-

+ Education

2015 - 2017

- West University from Timisoara
Faculty of Management and Business Administration (incomplete)

International C+E Truck Driver

2012 - 2015

Contrans A/S – Kolding, Denmark

- **2012 - 2013:** Operated maritime container transport between Hamburg (Germany) and various destinations across Denmark, ensuring compliance with port and customs regulations
- Responsible for timely container deliveries, port coordination, and efficient route planning across international borders
- Worked closely with port terminals and logistics hubs to minimize turnaround time
- **2013 - 2015:** Seconded (with vehicle) to BLUEWATER Shipping, operating international transport between Scandinavian countries: **Denmark - Sweden , Denmark - Norway**
- Conducted cross-border long-haul deliveries under Bluewater's logistics coordination
- Maintained high standards of vehicle maintenance, customs compliance, and punctuality
- Built strong relationships with dispatchers and clients due to reliability and professional conduct

International C+E Truck Driver

2010 - 2012

GST Stadler – Peuerbach, Austria

- Operated international freight routes across Western Europe: **Austria, Germany, France, Italy, Switzerland, Belgium, the Netherlands, and Luxembourg**
- Handled a wide range of cargo types, requiring various loading and securing techniques
- Gained solid experience in cross-border logistics and compliance with multiple national transport regulations
- Demonstrated flexibility and adaptability while managing tight schedules and diverse delivery conditions
- Entrusted with the role of Master Driver, providing on-road training and mentoring to newly hired drivers

Seasonal C+E Truck Driver

2008 - 2010

Private Contractor – Romania

- Operated heavy goods vehicles on national routes during university breaks and occasional short-term assignments
- Gained early practical experience with C+E category transport within Romania
- Assisted with deliveries and logistics coordination under the supervision of an experienced transport company owner
- Developed familiarity with national logistics practices and route planning
